

DEPARTMENT OF HEALTH SERVICES  
COUNTY OF LOS ANGELES

SUBJECT: **DOWNGRADE OR CLOSURE OF 9-1-1  
RECEIVING HOSPITALS OR EMERGENCY  
MEDICAL SERVICES**

REFERENCE NO. 222

PURPOSE: To establish a procedure to be followed if a general acute care or psychiatric facility plans to downgrade or eliminate emergency medical services or close the hospital completely.

AUTHORITY: California Code of Regulations 70105(a), 70107(a), 70107(a)(12), 70351(a), 70351(b)(1), 70351(b)(5), 70367(a)  
Health and Safety Code, Sections 1255.1, 1255.2, 1255.25, 1300

PRINCIPLES:

1. Hospitals with a basic or comprehensive emergency department permit provide a unique service and an important link to the community in which they are located. In certain instances, the reduction or withdrawal of these services may have a profound impact on the emergency medical services (EMS) available in their area and to the community at large.
2. Every effort should be made to ensure that essential emergency medical services are continued until emergency care can be provided by other facilities or until EMS providers can adjust resources to accommodate anticipated needs.
3. Before any changes are finalized, the Emergency Medical Services Agency should have sufficient time and opportunity to develop an EMS Impact Evaluation Report (IER) that examines the closure's affect on the community.
4. Before approving a downgrade or closure of emergency services, the California State Department of Public Health (Department) shall receive a copy of the IER to determine the expected impact of the changes, including access to emergency care and the affect of the closure on emergency services provided by other entities.

PROCEDURE:

- I. Responsibilities of the Health Facility Proposing the Downgrade or Closure
  - A. Not less than 30 days prior to closing a health facility, the facility shall provide public notice of the proposed downgrade or elimination of emergency services. Public notice shall include:
    1. A notice posted at the entrance to all affected facilities.
    2. A notice to the local government entity in charge of the provision of health services and the Board of Supervisors of the county in which the health facility is located.
